You know that life insurance is a critical part of your overall benefits plan — that’s why you chose to enroll in the Group Life insurance program offered by your employer. As you leave your employment, you have options to continue your current Group Life coverage and maintain this important protection for you and your family.

Now you have important decisions to make about continuing your Group Life insurance benefits. There are two options under which you can continue your coverage — Portability and Conversion. This brochure is designed to answer the most common questions about each option and give you a side-by-side comparison so you can choose the option that best meets your needs.

IS THERE ANYTHING ELSE I NEED TO KNOW?
To continue your life coverage benefits, you will receive a notice from your employer after your group life benefits end which includes coverage amounts and eligibility dates.

If you wish to increase your coverage amount or add spouse or child coverage, the non-underwritten policy available through the Conversion process may not meet your needs. An individually underwritten policy may be more cost-effective and provide additional benefits, such as the ability to elect waiver of premium, accidental death benefit and/or a children’s term rider, that are not available with a Conversion policy. You may apply for a medically underwritten life insurance policy simultaneously with your application for the Conversion policy. Underwritten policies are subject to underwriting requirements, so you may have to provide medical information. If you apply for both the Conversion policy and an underwritten policy and are approved for the underwritten policy, then you can choose the underwritten policy. If you are not approved for the underwritten policy, then the Conversion policy will be issued and become effective on the 32nd day after your group coverage ends.

If you apply for Portability, preferred portable rates are available for you and your spouse or domestic partner with Evidence of Insurability (EOI). Portable coverage is effective on the 32nd day after group coverage ends.

WHAT IF I STILL HAVE QUESTIONS?

1 Subject to state availability. To take advantage of this benefit, coverage of at least $20,000 must be elected. Increases, decreases, minimum and maximum coverage amounts are subject to state availability. There is no stand-alone Dependent Life or AD&D portable coverage; an employee life coverage must be ported with Dependent Life and/or the companion term life coverage with the AD&D.  
2 You may later convert portable coverage when ported benefits end, or if the portable plan is terminated by MetLife. Conversion is not available on AD&D coverage. Conversion rates are based on your age at the time you convert.  
3 The Accelerated Benefits Option is subject to state regulation and is intended to qualify for favorable federal income tax treatment, in which case the benefits will be excludable from your income and will not be subject to federal taxation. This information was written as a supplement to the marketing of life insurance products. Tax laws relating to accelerated benefits are complex and limitations may apply. You are advised to consult with and rely on an independent tax advisor about your own particular circumstances. Receipt of accelerated benefits may affect your eligibility, or that of your spouse or your family, for public assistance programs such as medical assistance (Medicaid), Temporary Assistance to Needy Families (TANF), Supplementary Social Security Income (SSI) and drug assistance programs. You are advised to consult with social service agencies concerning the effect that receipt of accelerated benefits will have on public assistance eligibility for you, your spouse or your family.  
4 The Total Control Account is provided for all Life and AD&D benefits of $5,000 or more. The TCA is not insured by the Federal Deposit Insurance Corporation or any government agency. The assets backing TCA are maintained in MetLife’s general account and are subject to MetLife’s creditors. MetLife bears the investment risk of the assets backing the TCA, and expects to earn income sufficient to pay interest to TCA Accountholders and to provide a profit on the operation of the TCAs. Regardless of the investment experience of such assets, the interest credited to Total Control Accounts will never fall below the guaranteed minimum rate. Guarantees are subject to the financial strength and claims-paying ability of MetLife.  
5 A non-renewable term life policy may preclude a whole life conversion policy if your group coverage is issued in New York or West Virginia.
