

Investment Objective:

To achieve long term capital appreciation by investing in a diversified portfolio of large-capitalization stocks with growth characteristics greater than the broad markets.

Investment Strategy:

The fund is managed by two investment managers: RhumbLine Advisors Corporation and Wedgewood Partners, Inc. RhumbLine Advisors manages approximately 75% of the fund's assets and Wedgewood Partners, Inc. manages approximately 25% of the fund's assets.

RhumbLine Advisors Corporation seeks to match the performance of the Russell 1000 Growth Index. RhumbLine uses a full replication approach in managing the Russell 1000 Growth Index Fund. The fund owns all the stocks in the index with the exception of those stocks not meeting the PCA Moral Screening.

Wedgewood Partners, Inc. Wedgewood Partners, Inc.'s investment process begins with a focus on up to six hundred of the largest companies as measured by market capitalization. They conduct a detailed quantitative analysis to assess each company's past excellence and to identify those organizations with exceptionally high profitability. Candidate firms are then qualitatively screened for their prospects for future excellence. Approximately ten percent of the companies analyzed meet their criteria as prospective investment candidates. In the end, their "Invest as Owners" process yields eighteen to twenty-four growth companies that they generally hold in their client portfolios for the long-term.
