Print Name: _____

Participant ID Number or Last four digits of your SSN: _____

Please invest in either the PCA Core Funds or the PCA Target Funds. Current balances and future elections will be realigned according to your selections on this form.

Investments within the Core Funds may be in 1% increments.

If selecting a Target Fund, in order to experience the intended purpose, a 100% allocation into one fund is strongly encouraged.

Short term buying and selling of mutual funds may harm other investors by diluting gains or increasing costs for the fund. To discourage this behavior most of our Core Mutual Fund managers have imposed either a redemption fee policy or a trading restriction policy. To find out which funds have fees or restrictions, or to obtain more information about these policies, please refer to the fund's prospectus, or for a synopsis of the policies, refer to the appropriate Fund Fact Sheet at www.pcarbi.org.
